

- (e) A Computing Resources Review Board ("C-RRB") has been constituted. It comprises the representatives of all Worldwide LHC Computing Grid Funding Agencies, and of the managements of CERN, the LHC Experiments and the LCG project. It is chaired by CERN's Chief Scientific Officer and meets normally twice per year, in spring and autumn. The LCG project management reports regularly to the C-RRB on technical, managerial, financial and administrative matters.
- (f) This MoU replaces the Interim Memoranda of Understanding (IMoU's) and Collaboration Agreements listed in Annex 10.

Article 1 : Parties to this MoU

- 1.1 The Parties shall be CERN as the Host Laboratory, the provider of the Tier0 Centre and the CERN Analysis Facility, and as the coordinator of the LCG project, on the one hand, and all the Institutions participating in the provision of the Worldwide LHC Computing Grid (hereinafter "WLCG") with a Tier1 (listed in Annex 1) and/or Tier2 (listed in Annex 2) Computing Centre (including federations of such Institutions with computer centres that together form a Tier1 or Tier2 Centre), as the case may be, represented by their Funding Agencies for the purposes of signature of this MoU, on the other hand.
- 1.2 The Parties together constitute the Worldwide LHC Computing Grid Collaboration (hereinafter "WLCG Collaboration"), of which they are termed Members. Each federation of Institutions constituted in accordance with paragraph 1.1 above shall count as a single Member of the WLCG Collaboration. For each Member, Annex 1 and Annex 2 show the duly authorised representative to the WLCG Collaboration. WLCG Collaboration Members will receive appropriate credit in the scientific papers of the LHC Experiments that they serve.
- 1.3 An Institution may have one or several Funding Agencies, which are established bodies controlling all or part of the Institution's funding. In the execution of this MoU, an Institution, depending on its situation, may be represented in funding matters by its Funding Agency or Agencies, or it may have the authority to represent itself in some or all matters. Annex 4 lists the Funding Agencies and their duly authorized representatives to the C-RRB.
- 1.4 The LHC Experiments will have available to them Additional Facilities (hereinafter "AF's") that access the services of the WLCG or expose resources to it, without themselves being WLCG Collaboration Members. These AF's are thus not Parties to this MoU. To such AF's as are named by the LHC Experiments, the Members of the WLCG Collaboration shall give access to the necessary software and to the WLCG itself, for purposes related to the execution of the LHC Experiments. In order to ensure the smooth functioning of the WLCG for its users, such access will be subject to written acceptance of
