

7. The RSG shall present the results of its deliberations to the autumn meeting of the C-RRB. In particular it shall present, for approval, the refereed sharing of resources for the next year (n+1) and shall make any comments thought relevant on the previous year's (n-1) usage. It shall also draw attention, for action, to any mismatch (including mismatch due to lack of manpower) with the planned pledges of Computing Resource Levels for the next year (n+1) and the subsequent year (n+2).
8. In order to ensure efficient use of the pledged Computing Resource Levels, adapt to changing needs and respond to emergency situations, the RSG may convene at other times throughout the year, on the request of the WLCG or LHC Experiment managements, to advise on any resource sharing adjustments that seem to be desirable. Such adjustments would then be applied by common consent of those concerned.
